

The Defender DC4000 is a cost effective floor light system that offers crisp, bright anti-glare light. Its compact size enables the light to be positioned in confined spaces. Additionally the light is linkable for floodlighting larger work spaces.

- > Linkable - connect multiple floor lights
- > Affix the light to ceilings, scaffolding and masts - Hex key supplied to support refit
- > A 4kVA power supply will easily power 50 DC4000s
- > Low power consumption - 42W
- > Frosted lens offer glare reduction
- > Robust construction
- > End caps are over moulded for added protection
- > Vented for ultimate heat control
- > Integrated robust steel tripod leg
- > Concave rear casing supports secure fit onto scaffolding
- > 3MTR H07RNF Input / 1MTR H07RNF (External) output
- > Supplied with a Defender coupler BSEN 60309 rated, 16A plug and cable tidy
- > Use with Rail Mast - part number E712685.1
